Focus Question

Why are swamps important?

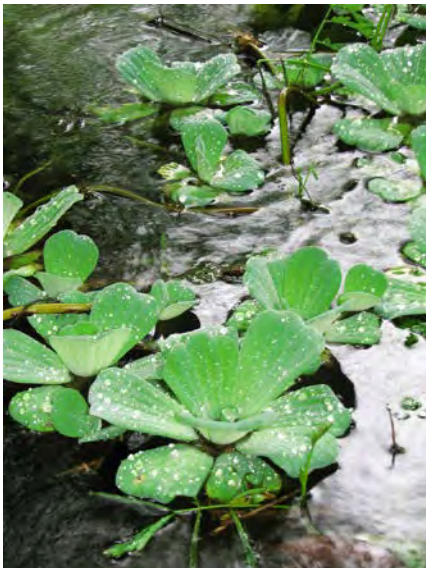

Swamps are areas
of wet and dry land.

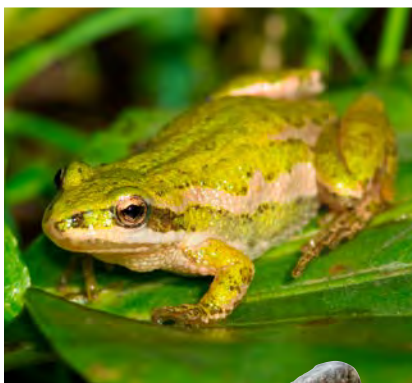

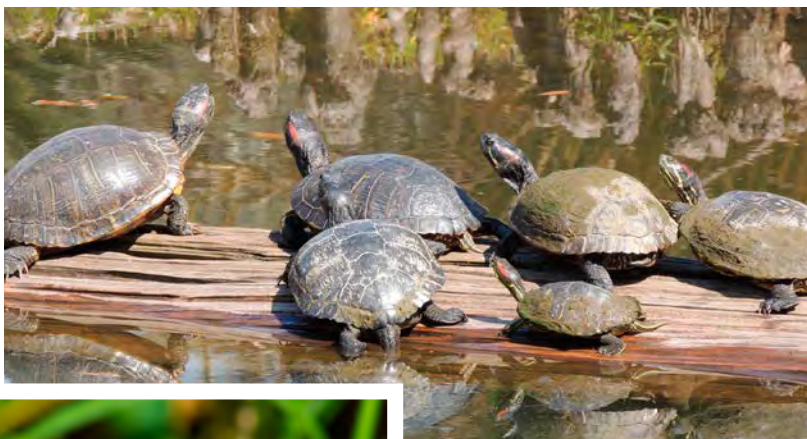

Swamps can have
fresh water.

Swamps can have
salt water.

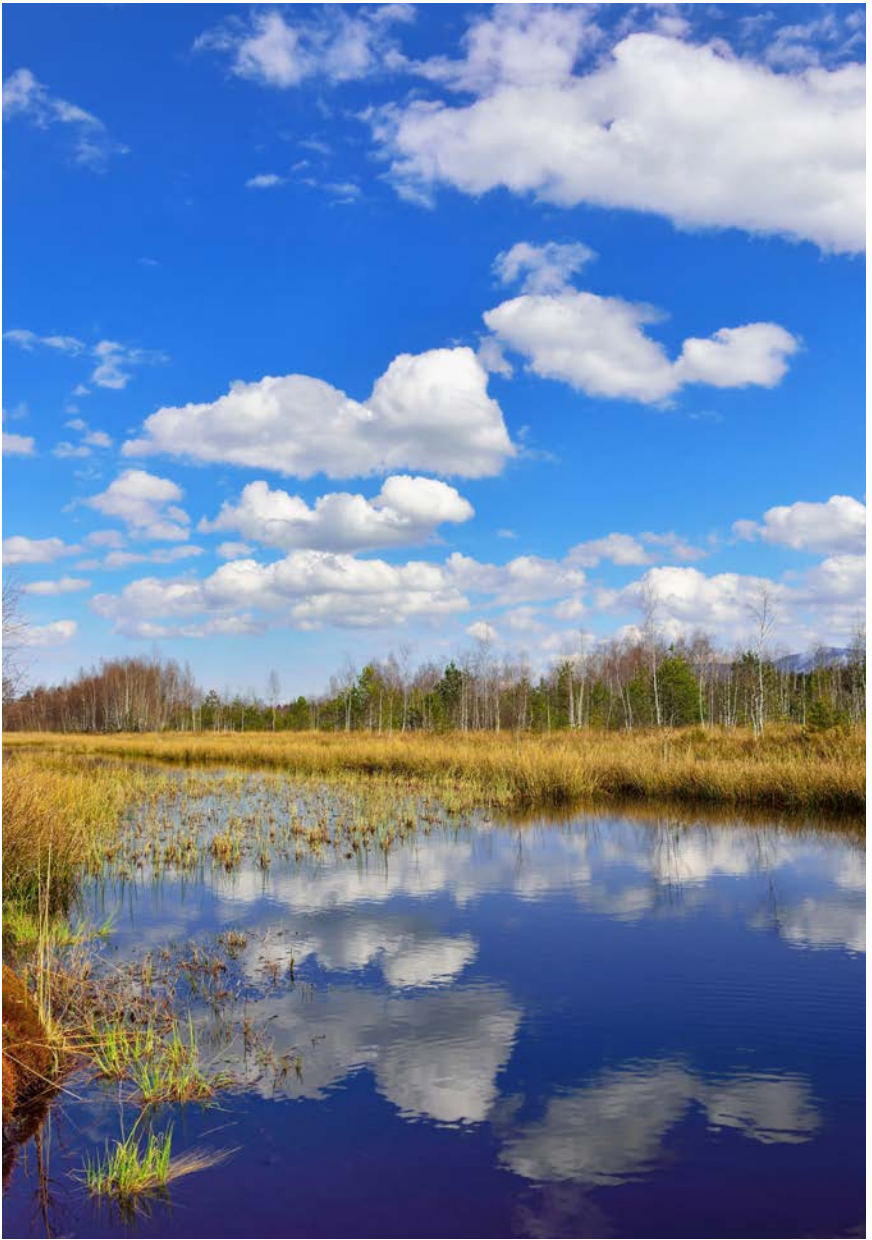

Swamps can have many plants.

Swamps can have many animals.

Swamps help the soil
stay healthy.

Swamps help the air
stay clean.

Swamps help the water
stay clean.

Swamps help the land
stay dry.

Swamps help Earth
stay healthy.
